ANNUAL REPORT
STATE HOUSE, BOSTON

MASS OFFICIALS OF THE

LICENSING BOARD FOR THE CITY OF BOSTON

December 1, 1958.

To His Excellency FOSTER FURCOLO, *Governor of the Commonwealth of Massachusetts.*

SIR:

In compliance with Section 5, Chapter 291, Acts of 1906, the Licensing Board for the City of Boston has the honor to submit the following report of the activities of this department for the year ending November 30, 1958.

The personnel of the Board is as follows: Chairman Clarence R. Elam; the other Board members are Timothy F. Tobin and Joseph W. Fitzgerald, Commissioners; Joel L. Miller, Secretary; John J. Callahan, Executive Assistant, and a staff of twelve employees.

The office of the Board is located at 24 Province Street, Boston, eighth floor, where all business of the Board is transacted.

In addition to issuing and regulating Alcoholic Beverages Licenses, which represent more than 90 per cent of revenue received through this department, the Board also issues and regulates the following types of licenses:

- Innholder
- Common Victualer
- Club Common Victualer
- Lodging House
- Fruit, Ice Cream, Soda Water or Confectionery
on the Lord's Day
- Soft Drinks
- Billiard, Pool and Bowling Alleys
- Intelligence Office (Employment Agency)
- Picnic Grove
- Automatic Amusement Device
- Entertainment (Weekdays Only)

It would not be possible to have an efficient administration of the Licensing Board for the City of Boston without the close and co-ordinated co-operation with various Federal, Municipal, and State agencies which are involved with the affairs of licensees. The following outline of such agencies is discussed as follows:

BOSTON POLICE DEPARTMENT

The Licensing Board maintains close working relationship with this agency as required by statute. The Boston Police Department has the major function of constant supervision of the licensed premises. In addition to this function, the Police investigate and report in writing on the applicant and location of proposed license; it assists in the processing of renewal license applications by making a personal inspection of an alcoholic licensed establishment before license is renewed.

Police complaints of violation of the Liquor Control Act or other regulations are reported to the Board and a public hearing is held and penalties imposed on licensees by the Board if charges are sustained.

HEALTH DEPARTMENT OF THE CITY OF BOSTON

The Health Department, by the very nature of its work, is seriously concerned with the sanitary conditions and the way food is prepared and handled in restaurants, cafes, etc., which the Board licenses; therefore, whenever an inspector finds a condition in licensed premises which is a menace to health, the Board is immediately notified and the license is suspended until the condition complained of is remedied. In addition, no common victualer license or lodging house license is granted by the Board without a positive health report.

BUILDING DEPARTMENT OF THE CITY OF BOSTON

The Building Department of the City of Boston is concerned with proper egress in any premises occupied by a licensee, also with capacity limits and any structural defects which may constitute a menace through fire, overcrowding, or other possible disaster; therefore, the Board does not issue any license without the licensee securing a Building Certificate, and, in the event of any alteration, without a clearance from the Building Department. Likewise, if a Building Inspector finds any defect in the premises of a licensee, and the Board is notified, the license is immediately suspended until the condition is corrected.

MISCELLANEOUS CITY DEPARTMENTS

The City Printing Department has always been most co-operative in assisting the Board in obtaining printed matter, particularly with respect to rush orders.

The City Collector's Office works closely with this office, inasmuch as there is more than \$1,500,000 that is accounted for annually.

FEDERAL AND STATE AGENCIES

In the matter of Withholding and Meal Taxes, the Board has co-operated with the Internal Revenue Department and the Meal Tax Division of the Commonwealth of Massachusetts in stressing the fact upon the licensees that these funds taken from the public by the licensee, either from employees or customers, must be restored to their proper uses.

It has also co-operated with Federal Agents, Treasury men, with respect to information they may desire in the course of their investigations.

In addition to serving as the appellate agency of local alcoholic beverages licensing authorities, the Alcoholic Beverages Control Commission of the Commonwealth of Massachusetts supplements the enforcement of the Liquor Control Act in licensed establishments through its investigators. Complaints of violations in Boston made by these investigators are prosecuted before this Board.

ARMED FORCES DISCIPLINARY CONTROL BOARD

This military agency is concerned primarily with the health and moral welfare of military personnel under its jurisdiction. In pursuing its objective, problems concerning our licensed premises often come under its close scrutiny. The Chairman of the Licensing Board or his representative generally attends its monthly meetings in an attempt to co-operate with the Military Board in matters of mutual concern. Licensees have been instructed to co-operate with the military police and afford its investigators the same privileges as they extend to our own law enforcement agencies.

PUBLIC RELATIONS

The need for acquainting the public with the duties and responsibilities of this Board is constant and so recognized by its members. In this regard, the Chairman and members never hesitate to accept speaking engagements at conferences composed of civic and religious groups. Despite the fact that these occasions often occur in the evening, we feel that the public should have the opportunity of being informed on matters pertaining to licenses issued by the Board. These engagements have been mutually beneficial in that they have often resulted in presenting the Board with ideas and problems which had not previously come to its attention.

DIRECT RELATIONSHIP BETWEEN LICENSEE AND BOARD

The Chairman and members of the Board have been invited to several trade meetings and gatherings either as guests or speaker. These gatherings have afforded additional opportunities to emphasize the code of conduct that the Board wishes to be maintained.

On May 26, 1958, the Chairman of the Licensing Board for the City of Boston, addressed all holders of licenses, under Section 12, Chapter 138, at the Hotel Bradford. Speaking for the Licensing Board, the Chairman stressed the serious economic problems facing the industry in Boston as a result of population shifts, major construction, such as new highways, development and restrictive legislation relative to relocating licenses within 500 feet of a school or church. The future plans for Boston will ultimately affect the displacement of many alcoholic licenses such as those now involved in the West End Development. For unaffected sections of the city

to absorb these displaced licenses can only lead to cut-throat competition, and possibly violations of law in order to survive economically. Therefore the Board suggested to the licensees at this meeting that the creation of a Retirement Board for Alcoholic Licenses administered and financially supported voluntarily by licensees themselves may in the long run solve this problem which will be more severe as time goes on. Such a fund would provide sources of compensation to license holders who are forced out of business through Eminent Domain, or who desire voluntarily to get out of the business for other legitimate reasons. Each license that is surrendered to the Licensing Board after licensee has been compensated by the Retirement Fund, would be permanently canceled by the Board and no new license could be reissued until more than 100 of these licenses are canceled or revoked. The existing statute adopted by the Legislature in 1939 provides that the then existing number of licenses (850) may be permitted in the City of Boston, but no new license may be issued until that number is below 700. The present number of said licenses is now at 806. To be sure, unless there is some fund such as this one suggested to expedite the attainment of the new quota, no great reduction can be expected in the foreseeable future. When the new quota is reached of 700, the Retirement Fund will have served its purpose.

The Board is happy to report that the licensees accepted voluntarily to establish and administer this Retirement Fund and after extensive work involved, they have recently retired three alcoholic licenses.

The Board wishes to express its appreciation to all co-ordinating agencies and to its own staff for complete co-operation throughout the license year.

Respectfully submitted,

CLARENCE R. ELAM, *Chairman*,
TIMOTHY F. TOBIN,
JOSEPH W. FITZGERALD,

Licensing Board for the City of Boston.

Attest:

JOEL L. MILLER,
Secretary.
